We still have a lot of work to do, but just about everyone in Tishomingo County has family or friends working at one of the companies that have been recruited to, or has expanded in, Tishomingo County. Most businesses have customers that get their paychecks from these companies, or sell products or services to these companies. Everyone benefits directly or indirectly from economic development, including the school system that receives significant new tax revenue from economic development projects.

Be sure to thank TCDF Partners in Progress and do business with those businesses that support economic development. A listing of these partners is on pages 2 and 3 of this publication. You can learn more about these community minded businesses at http://www.tishomingo.org/pdf_docs/Partners%20in%20Progress.pdf. Also, remember to thank our TCDF, TCEDA, and TCTC board members who serve the community without compensation of any kind.
